PUC Hearing Fruitful

Editor:

Thank you for your report on the recent PUC hearings at the Church of Christ Uniting, Kingston.

We are indebted to Senator Frank O'Connell for arranging with Chief Administrative Judge William Shane to have the hearings here. They had been scheduled for March 13 and 14 in Harrisburg.

Attorney Gilbert Hamberg, counsel for the PUC, did the cross examinations thoroughly and extensively, assisted by PUC accountant Walter Jay Pack.

Attorney David M. Barasch represented the consumer advocate administration.

Judge Charles Hoffman, administrative law judge, presided and conducted fair and impartial hearings.

We are grateful to the Church of Christ Uniting for the use of their auditorium and excellent facilities.

Tentative hearings are scheduled for April 21 and June 2. While they are to be mainly technical, these hearings will have definite impact on future UGI rate requests.

Again, thank you for bringing information on the PUC rate hearings to the public.

Sincerely,

F.B. Schooley, M.D.

President,

Back Mountain Protective Association.
